

JASON ZALEWSKI FOR DIVISION 2

RM OF BUCKLAND NO. 491

Hi there! My name is **Jason Zalewski**, and like you, I'm proud to call Division 2 in the RM of Buckland home. I was born and raised here over 50 years ago, and this community has been a big part of my life ever since.

Many of you may know me as your school bus driver. For approximately 15 years, I've been safely transporting children to and from school in the Red Wing area. Spending that much time on our roads gives me a firsthand look at their condition and the challenges residents face throughout the year.

I've also spent the past 40 years farming alongside my family on the same land we've called home since the 1940s. Between farming and driving the school bus, I have a good understanding of the needs of both our agricultural and residential communities. In addition, my experience managing rental properties in the city has given me practical experience in financial management, budgeting, planning and dealing with challenging situations.

For the past eight years, I've had the opportunity to serve as your Division 2 Councillor. During that time, I've enjoyed meeting and working with many of the people who make our community what it is.

Throughout my time on Council, I've worked alongside my fellow councillors on decisions involving road infrastructure improvements, drainage projects, regular maintenance, and planning and development matters. These decisions aren't always straightforward, and I recognize the importance of considering how they affect the people who live and work in our municipality.

While I'm only one vote out of seven at the Council table, I believe every resident deserves to have their concerns heard and considered. I make it a priority to bring forward the issues that matter to Division 2 residents and ensure their perspectives are part of Council's discussions.

My goal is to continue working on the issues that matter to our community, with a focus on maintaining our roads, addressing drainage concerns, planning for the future and representing the interests of Division 2 residents.

Council at it's October 2026 meeting. Left to right: Daryl Cartier, Jason Zalewski, Brent Wilson, Linda Clavelle, Melinda Lavoie, Roger Boucher and Lillian Jacobson
