

LEONARD YUNGWIRTH
Candidate for Councillor, Division 2
RM of Buckland

A Lifetime in Buckland.
A Voice for Rural Families.

My name is Leonard Yungwirth, and I am proud to be a lifelong resident of the RM of Buckland.

For more than 40 years, my family has farmed in this community, and it is where my wife, Marg, and I raised our family. As the father of three children and grandfather of seven, I care deeply about preserving the values that make rural life special: hard work, honesty, neighbour helping neighbour, and a strong sense of community.

The RM of Buckland is more than where I live. It's home.

Throughout the years, I have been committed to serving our community. I currently serve as Board Chairman of Buckland Fire & Rescue, supporting the dedicated volunteers who help protect our families, farms, businesses, and property.

I also bring leadership and management experience through my role with Quantum Mechanical Technology Inc. and my involvement with other community and agricultural organizations.

I believe good local government starts with listening. If elected, I will work hard to represent Division 2 with honesty, common sense, and respect for the people who call Buckland home.

My Priorities

- ✓ Well-maintained roads and infrastructure
- ✓ Responsible use of taxpayer dollars
- ✓ Open and transparent decision-making
- ✓ Strong support for emergency services
- ✓ Protecting our rural way of life
- ✓ Listening to residents and being accessible to constituents

My Commitment

"I believe in open communication, responsible spending, and standing up for the people of Division 2. Together, we can keep Buckland a strong and thriving community for our children and grandchildren."

VOTE LEONARD YUNGWIRTH
Division 2 Councillor
RM of Buckland
Experience • Community Service • Common Sense Leadership
Election Day: November 9, 2026
